

Global List of PCI DSS Validated Service Providers

As Of 3/16/2010

The companies listed below were validated as being PCI DSS compliant by a QSA as of the "VALIDATION DATE". Service providers are required to revalidate their compliance to Visa on an annual basis, with the next annual Report on Compliance (ROC) due to Visa one year from the "VALIDATION DATE". ROCs that are from 1-60 days late are noted in yellow and ROCs that are from 60-90 days late are noted in red. Entities with ROCs over 90 days past due are removed from this list. Entities are listed in each Visa region where they have been registered by at least one client, including: AP - Asia Pacific, CEMEA - Central Europe / Middle East / Africa, LAC - Latin America / Caribbean, NA - North America - Canada / United States. Visa client's are responsible for and are required to use compliant service providers and to follow up with service providers directly if there are any questions about their compliance status.

(1) PCI DSS assessments represent only a "snapshot" of security in place at the time of the review, and do not guarantee that those security controls remain in place after the review is complete. These reviews did not cover proprietary software solutions that may be used or sold by these service providers.

* Current PCI DSS status is under review.

Visa has no duty to clients, merchants, processors or other third parties to obtain or review reports from any party required to submit a report. Visa is not responsible to any party for the timeliness, accuracy or completeness of any report. Inclusion on this list indicates only that the service provider successfully validated PCI DSS compliance, based on the report of an independent Qualified Security Assessor (QSA). Visa does not endorse the service providers or their business processes or practices. Visa has sole discretion to include or exclude entities on this list.

(1) PCI DSS assessments represent only a "snapshot" of security in place at the time of the review, and do not guarantee that those security controls remain in place after the review is complete. These reviews did not cover proprietary software solutions that may be used or sold by these service providers.

* Current PCI DSS status is under review.

Visa has no duty to clients, merchants, processors or other third parties to obtain or review reports from any party required to submit a report. Visa is not responsible to any party for the timeliness, accuracy or completeness of any report. Inclusion on this list indicates only that the service provider successfully validated PCI DSS compliance, based on the report of an independent Qualified Security Assessor (QSA). Visa does not endorse the service providers or their business processes or practices. Visa has sole discretion to include or exclude entities on this list.
